

STANDARD PROFIL

QUALITY POLICY

WE WILL PROVIDE OUR CUSTOMERS WITH HIGH QUALITY PRODUCTS

MISSION

Standard Profil is a supplier of automotive sealing systems. We ensure customer satisfaction. We are complying with corporate social responsibility and sustainability standards. We take responsibility of our employees and stakeholders.

VISION

Standard Profil will be the leading supplier for automotive sealing systems and the partner of choice in terms of quality, technology, and price.

PRINCIPLES

Fulfillment of customers' requirements through the quality of products and service is our main objective.

Meeting corporate quality objectives is the responsibility of every employee.

Our guidelines, processes and targets are based on international standards, the requirements of customers and shareholders and our knowledge and experience.

Maintaining a continuous improvement mindset with predictive and preventive risk elimination methodologies is our priority.

Quality is assured by using lessons learned along with standardized and innovative methodologies.

Customer-oriented supplies and suppliers comply with the high quality of our products.

To realize our vision we are focusing with all our activities on raising quality awareness, obtaining operational excellence, achieving flawless launches and driving employee development.
